

**Update – September 8, 2009**

**THREE FISTULA CARE-SUPPORTED SITES IN NIGERIA ARE RENOVATED**

A colorful ceremony was held to officially hand over the newly renovated Birnin Kebbi VVF Center to the Kebbi State Government in Nigeria. Babbar Ruga VVF Center in Katsina State also underwent renovations and now has an updated training hall, furnished to accommodate trainings for doctors and nurses. In addition, internet facilities were installed in the Babbar Ruga VVF Center and the Southeast VVF Center in Ebonyi State to enable quick and effective access and dissemination of information regarding fistula activities for staff and visitors to the facilities.
